### 4. FIRST AID MEASURES

#### Description of first aid measures

**General:** In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

**Inhalation:** Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth. May cause nausea.

**Eyes:** Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

**Skin:** Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

**Ingestion:** If swallowed obtain immediate medical attention. Keep at rest. Induce vomiting. May cause nausea.

#### Most important symptoms and effects, both acute and delayed

**Overview:** No specific symptom data available. See section 2 for further details.

**Eyes:** Causes serious eye irritation.

**Skin:** May cause skin irritation.

### 5. FIRE-FIGHTING MEASURES

#### **Extinguishing Media:**

Recommended extinguishing media; alcohol resistant foam, CO<sub>2</sub>, powder, water spray.

**Do not use:** Water Jet

#### **Special hazard arising from the substance or mixture:**

Hazardous decomposition: No hazardous decomposition data available. Keep away from heat / sparks / open flames / hot surfaces – No smoking.

#### **Advice for Fire-Fighters:**

Sealed container exposed to elevated temperatures may rupture explosively due to polymerization. Vapors are heavier than air and may travel to ignition source.

Cool closed containers exposed to fire by spraying them with water. Do not allow run off water and contaminants from fire fighting to enter drains or water ways.

**ERG Guide No.** ----

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures:

Put on appropriate personal protective equipment (see section 8).

### Environmental Precautions:

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking, or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

Incinerate liquid in proper equipment.

### Methods and Material for Containment and Cleaning up:

For high vapor concentration, evacuate area, eliminate all sources of ignition, absorb spills with inert material, transfer to a suitable container for disposal.

## 7. HANDLING AND STORAGE

### Precautions for Safe Handling:

Store in accordance with the National Fire Protection Associate's publication NFPA 30, Flammable and Combustible Liquids Code, 29 CFR 1910.106 applies to the handling, storage, and use flammable and combustible liquids.

See section 2 for further details. – [Prevention]:

### Conditions for Safe Storage, including and incompatibilities:

Handle containers carefully to prevent damage and spillage.

Store in a cool dry area, away from heat, sparks and open flame. Keep containers sealed when not in use. Store out of direct sunlight.

Incompatible materials: Reducing and oxidizing agents. May soften paint and rubbery surfaces.

See section 2 for further details. –[Storage]:

### Specific end use(s)

No data available.

#### Exposure Controls

##### Respiratory:

If workers are exposed to concentrations above 10ppm they must use a self-contained breathing apparatus.

##### Eyes:

Protective safety glasses recommended.

##### Skin:

Wear overalls to keep skin contact to a minimum. Wear impervious, neoprene type protective gloves.

**Engineering Controls:**

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn. An eyewash fountain should be located in areas where the product is used.

**Other Work Practices:**

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
